To whomsoever it may concern

I am writing to acknowledge the professional support and effort provided by FR Gardens in securing domestic help for me and my family in Malaysia. David Yee and his staff are extremely professional, dependable and courteous individuals. One can be sure that the advice provided by them, and the activities that they undertake are absolutely reliable.

There are no short-cuts involved in their processes – they follow the law as it should be, which is not seen generally with the other agencies. If I were to come back to Malaysia and look for domestic help again, I wouldn't think twice about which agency to contact – it will have to be FR Gardens.
